Press Release 30 / 04/ 2014 – 1100hrs

On 29th April 2014, man in his mid 40's was airlifted to the specialist burns unit at Broomfield Hospital, Chelmsford from Lodge Farm Felmingham. A second man was taken by road to Norfolk and Norwich University Hospital with non-life-threatening injuries. Both men were employees of a contractor.

Both Directors and the Health and Safety officer for L F Papworth Ltd were on site at the time of the incident and the Health and Safety Executive have attended the site. They are conducting a full investigation, which L F Papworth Ltd will cooperate fully with. In light of this, it is unwise for us to speculate on the cause of this incident at the present time.

The Papworth families express their deepest sympathy for the man and his family and hope that he makes a full and complete recovery.

L F Papworth Ltd is a contract farming company based in Norfolk UK. As contract farmers in Norfolk we grow Wheat, Winter Barley, Spring Barley, Oilseed Rape, Sugar Beet, Potatoes, Vining Peas, Dwarf Beans and Dried Peas of behalf of our landowners. We also have a sheep flock and beef enterprise.

We are a family business who has been farming in Norfolk since 1926. Tim and Kit Papworth are the fourth generation of the family to farm in North Norfolk since the family moved from Cambridgeshire.
